Liquid Pipe Size	(mm)	6.35	6.35	6.35
Gas Pipe Size	(mm)	12.7	12.7	15.88
Maximum Length	(m)	15	15	15
Maximum Height	(m)	10	10	10
Refrigerant		R32		

Rated conditions: Indoor Air Temperature 27°C DB / 19°C WB, Outdoor Air Temperature 35°C DB.
Star rating as per standards & labelling program of Bureau of Energy Efficiency.
Airflow measured is at high fan speed.

Cooling. Now made for everyone.

World-class Technology. Pocket Friendly.

Aesthetically Pleasing

For the designer in you

This ergonomically designed AC is compact in looks but has immense cooling strength. Packed with every feature possible it is pleasing to the eyes and fits perfectly, wherever you choose to place it.

Value For Money

For energy efficient cooling at an affordable price

Here is an energy efficient product with effective cooling, that's within your reach. Being a 3 star rated and eco-friendly air conditioner, it ensures minimal electricity usage and maximum cooling, no matter what the temperature is outside.

100% Copper Coil

For better heat exchange

This air conditioner comes with a 100% copper coil which makes it a better heat exchanger and as a result, the room cools faster.

Turbo Cool

For instant cooling during scorching summers

This feature allows you to cool the room quickly and effectively by operating at automatic fan speed, thus adjusting the temperature according to the current room temperature.

Ambient Operation Up To 50°C

For effective performance during high temperatures

Given the tropical Indian climate, temperatures have been soaring to 50°C and beyond. Therefore, it is essential to have an air conditioner that delivers comfort cooling and is compatible with temperature needs. Fixed Speed promises uncompromised capacity deliverance even during sweltering summers.
